The ETH Student Project House (SPH) supports students in exploring and building on their curiosity. We provide students with a pressure-free environment that triggers inspiration, discussion and hands-on (and often messy) exploration so that they can develop a mindset geared towards creating, innovating and leading impactful change.

OUR VISION & MISSION

Lumia: Reducing Bias in Recruitment with AI

The screenshot shows the Lumia website homepage. At the top left is the Lumia logo, which consists of a colorful icon followed by the word "lumia". To the right of the logo is a navigation menu with links for "Home", "Product", "About", "Pricing", and "Blog". Further right is a purple "Get Started" button. The main content area features a large heading "Break Bias, Embrace Talent" in a bold, dark blue font. Below this heading is a paragraph of text: "Step into a new era of inclusive hiring with our pioneering AI tool that shatters unconscious biases. We are dedicated to transforming the recruitment landscape by empowering recruiters to see beyond traditional limitations and embrace the full potential of diverse backgrounds." Below the text is another purple "Get Started" button. To the right of the text is a large image of a smiling woman with dark, curly hair, wearing a yellow sweater and blue jeans. Overlaid on the bottom right of the image is a white box containing the text "Fairness Score" in pink, followed by "3,435" in large black font, and "↑ 20% vs last month" in pink. A large blue circular arrow graphic is positioned behind the woman's arm.
